Dear Shareholder

CHANGES TO PROSPECTUS SUPPLEMENTS

- SPDR MSCI Europe Value Weighted UCITS ETF
- SPDR MSCI USA Value Weighted UCITS ETF

We are writing to you as a shareholder of SPDR MSCI Europe Value Weighted UCITS ETF and/or SPDR MSCI USA Value Weighted UCITS ETF (the “Funds”) to advise of the following changes which will take effect from 11 July 2018, or such later date as the Central Bank notes the revised Supplements to the Prospectus for the Funds (the “Effective Date”).

1. Changes to Indices and Fund Names

In order to seek to ensure the Funds continue to provide exposure to equities exhibiting low valuation characteristics, the Directors have determined to replace the indices tracked by the Funds, as indicated in the table below. The Directors consider that the new indices track substantially the same markets as the existing indices and further consider that the new indices should provide exposure which is more closely aligned with the Investment Objectives of the Funds. The Fund names are also being changed as indicated below.

The Funds will continue to track their existing Index until the Effective Date, and will then track the new Index.
