This notice is being sent to you in your capacity as shareholder in the SSgA SPDR ETFs Europe II plc (the "Fund")

Dear Shareholder

SSgA SPDR ETFs Europe II plc – ("the Fund")
Reportable income calculation- Period ended 31 March 2015

Background to UK Reporting Fund Status

Your shareholding in the relevant share class of the Fund constitutes an interest in an offshore fund from a United Kingdom ("UK") taxation perspective. Each Share Class is treated as a separate 'offshore fund' for these purposes.

The UK Offshore Funds Regulations came into effect on 1 December 2009 and provide that if an investor resident or ordinarily resident in the United Kingdom for taxation purposes holds an interest in an offshore fund and that offshore fund is a 'non-reporting fund', any gain accruing to that investor upon the sale or other disposal of that interest will be charged to United Kingdom tax as income rather than a capital gain. Alternatively, where an investor resident or ordinarily resident in the United Kingdom holds an interest in an offshore fund that has been a 'reporting fund' for all periods of account for which they hold their interest, any gain accruing upon sale or other disposal of the interest will be subject to tax as a capital gain rather than income.

A class must apply to HM Revenue & Customs ("HMRC") to become a reporting fund and once in the regime remains a reporting fund permanently so long as the annual duties are met. Reporting funds have an annual requirement to calculate and report to UK investors and HMRC the reportable income per share and distributions made for each share class. Provided the Fund complies with this annual reporting requirement, any gain accruing upon sale or other disposal of the interest by each UK shareholder will be subject to tax as a capital gain rather than income.

The share classes of the Fund which are listed below have been accepted by HMRC into the reporting regime for the year ended 31 March 2015.

What does this mean for investors?

For the year ended 31 March 2015, the attached statement is the Statement of Reportable income.

The Statement of Reportable income will contain the following information:

- The amount of cash distributed to participants per unit of interest in the fund in respect of the reporting period,
- The dates on which cash distributions (if any) were made,
- The excess of reportable income over cash distributions in the reporting period,
- The date on which the excess reportable income becomes taxable in the hands of the U.K. investor, referred to as the Fund distribution date, and
- Confirmation that the fund remains a Reporting Fund at the date the Fund makes the report available.

U.K. investors in the Fund will be required to include on their tax return any cash distributions received during the year and their proportionate share of reportable income in excess of any cash distributions made in relation to the profits of the accounting period. The proportionate share of the excess reportable income is calculated as follows:

**Total number of shares held by the investor x Excess reportable income per share
in each share class at the year-end (ie 31 March 2015)**

The excess reportable income per share must be multiplied by the total number of shares you held in each class at 31 March 2015 in order to derive the total reportable income to be included in your tax return.

Income is deemed to have arisen to investors as follows:

- **UK individual investors**

The deemed distribution date for excess reportable income over any cash distributions received is 6 months after the end of the accounting period. As the accounting year end of the Fund is 31 March, the deemed distribution date is 30 September each year.

Therefore, for the year ended 31 March 2015, excess reportable income will be deemed to arise on 30 September 2015, falling within the UK fiscal year ended 5 April 2016. This must therefore be included in your 2015/2016 tax return.

- **UK corporate investors**

As the deemed distribution date is 6 months after the end of the accounting period, this income must be included in your tax return in accordance with the accounting period in which this date falls.

Reportable income for the year ended 31 March 2015

As noted, U.K. investors in the Fund will be required to include on their tax return any cash distributions received during the year and their proportionate share of reportable income in excess of any cash distributions made in relation to the profits of the accounting period.

Please see the Appendix for the reportable income per share for each share class of the Fund.

Reportable income will be subject to tax on individual investors at the rates applying to dividends (currently 10%, 32.5% and 37.5%). A non-refundable tax credit equivalent to 10% of the gross dividend can be offset against the associated tax liability.

UK resident corporate investors may benefit from one of the exemptions from UK corporation tax on dividends received from the Funds.

Double taxation relief

Under regulation 99 of the Offshore Fund (Tax) Regulations 2009 (S.I.2009/3001), in order to avoid double taxation, any excess reported income deemed to be received by UK investors can be treated as expenditure for the acquisition of their holdings in the fund. In effect, the acquisition cost of your interest in the Fund shall be increased by the amount of excess reportable income in the calculation of capital gains. We set out below how such relief works in principle.

Proceeds	x
Original acquisition cost	(x)
Excess reported income (as per the Appendix)	<u>(x)</u>
Capital gain	x

Website reporting

Please note that the investor report for year ended 31 March 2015 will also be posted on the fund's website www.spdreurope.com.

The distributions per the investor report were paid in the tax year ended 5 April 2015 and should be included in the relevant tax return (if applicable).

The reportable income per share in excess of cash distributions relates to the year as a whole (rather than an individual distribution period). It is deemed to be received on 30 September 2015 ("the fund distribution date") and should therefore be included in the tax return for the year ended 5 April 2016 (if applicable).

For UK tax purposes, reportable income per share in excess of cash distributions should be treated as interest income for "bond funds" invested more than 60% in interest-bearing assets.
