Constitution of SPDR MSCI World Quality Mix Fund

General terms

This deed poll is declared by the Responsible Entity to be the constitution of the SPDR MSCI World Quality Mix Fund.

1 Name of Trust

1.1 Name

The Trust is called the SPDR MSCI World Quality Mix Fund or any other name as the Responsible Entity determines.

1.2 Change of Responsible Entity

If the Responsible Entity retires or is removed, its successor as Responsible Entity must, unless otherwise approved by the former Responsible Entity, change the name of the Trust to a name that does not imply an association with the former Responsible Entity or its business.

2 Assets held on trust

2.1 Declaration of trust

The Responsible Entity declares that it will hold the Assets on trust for the Members and act in the interests of the Members on and subject to the terms of this constitution.

2.2 Holding property separately

While the Trust is a Registered Scheme, any Assets held by the Responsible Entity as responsible entity of the Trust must be clearly identified as property of the Trust and held separately from the assets of the Responsible Entity and any other managed investment scheme if and to the extent that the Corporations Act so requires. Subject to the law, the Responsible Entity may have assets held by a Custodian.

2.3 Mixing when not registered

While the Trust is not a Registered Scheme, the Responsible Entity may mix the Assets with property and rights of any other person or trust.

3 Units

3.1 Nature of Units

The beneficial interest in the Trust is divided into Units.

3.2 Interest in Assets

Subject to any rights, obligations or restrictions attaching to any particular Unit or to a Class, each Unit confers an undivided interest in the relevant Class Assets, subject to the Liabilities applicable to that Unit or Class. It does not confer an interest in a particular Asset.

3.3 Units and Classes

(a) Subject to the Corporations Act and clause 3.3(b), the Responsible Entity may issue Units of a single Class or different Classes, with

Constitution of SPDR MSCI World Quality Mix Fund

different rights, obligations and restrictions as specified in their terms of issue.

- (b) Clause 3.3(a) does not permit the Responsible Entity to specify terms of issue which attach rights, obligations or restrictions to a Class to the extent that section 601GA of the Corporations Act requires those matters to be set out in this constitution.
- (c) Subject to this constitution and such rights, obligations and restrictions, all Units in a Class rank equally except that, in accordance with clause 10, different entitlements to Distributable Income of the Trust may apply to the different Classes if different Management Fees are applicable to separate Classes.
- (d) The Classes may include one or more Classes of Quoted Units and one or more Classes of Unquoted Units. At the time of issue of Units, the Responsible Entity must identify the Class to which the Units belong and maintain or cause to be maintained that information in the Register. The Responsible Entity may determine that an Asset or a Liability is properly attributable to a Class or to more than one Class, in which case the Responsible Entity may determine the share or portion of the Asset or Liability that is properly attributable to each Class.
- (e) Each Class is a separate class of interests for the purposes of the Corporations Act. However, neither:
 - (i) the creation of a Class; nor
 - (ii) a determination under clause 3.3(d) by the Responsible Entity with respect to an Asset or a Liability,

will constitute the creation of a separate trust or, in the case of a determination referred to in clause 3.3(d), confers an interest in a particular Asset.

3.4 Change of Class

- (a) The Responsible Entity may by notice to a Member, or, without notice if the Member consents, redesignate the Class of some or all of the Units held by that Member (the “**Old Class**”) as being Units of a different Class (the “**New Class**”). Without limiting clause 10.13, a redesignation must not result in any defeasance of a Member’s existing entitlement to income or capital of the Trust.
- (b) If the fees under clause 20 applicable to the New Class are higher than the fees applicable to the Old Class, the Responsible Entity may not exercise this power without first giving the Member 30 days’ notice of the proposed change and details of the higher fees, unless the Member waives this requirement.
- (c) If the most recent Issue Price for Units of the Old Class, as at the time of the redesignation is:
 - (i) higher than the most recent Issue Price for Units of the New Class, simultaneously with the redesignation, the Units will be split into such number of Units in the New Class as has an aggregate Issue Price equal to the aggregate Issue Price of the original number of Units in the Old Class (rounded down to the nearest whole number of Units in the New Class); or

Constitution of SPDR MSCI World Quality Mix Fund

- (ii) lower than the most recent Issue Price for Units of the New Class, simultaneously with the redesignation, the Units will be consolidated into such number of Units in the New Class as has an aggregate Issue Price equal to the aggregate Issue Price of the original number of Units in the Old Class (rounded down to the nearest whole number of Units in the New Class).

3.5 Rights attaching to Units

A Member holds a Unit subject to the rights, restrictions and obligations attaching to that Unit.

3.6 Fractions of Units

Fractions of a Unit may not be issued by the Responsible Entity or redeemed.

3.7 Rounding of fractions

Where any calculation performed under this constitution or the terms of a withdrawal offer results in the issue or redemption of a fraction of one Unit, the number of Units to be issued or redeemed must be rounded up or down to the nearest whole number of Units as the Responsible Entity determines. Any excess application or other money or property which results from rounding remains or becomes an Asset.

4 Transfer, transmission and joint holders

4.1 Transfer of Units

Units may be transferred subject to their terms and this clause 4.

4.2 Transfer if not Quoted

If Units are not Quoted, transfers must be:

- (a) in a form approved by the Responsible Entity;
- (b) accompanied by any evidence the Responsible Entity reasonably requires to show the right of the transferor to make the transfer;
- (c) if the Responsible Entity requires, presented for Registration duly stamped; and
- (d) accompanied by any fee for the validation of certified documentation related to the transfer as required by the Responsible Entity.

If Units are not Quoted, the Responsible Entity may refuse to record any transfer in the Register without giving any reason for the refusal.

4.3 Transfer if Quoted

Subject to this constitution and the ASX Rules, a Quoted Unit is transferable:

- (a) as provided by the Clearing and Settlement Rules if applicable; or
- (b) by any other method of transfer which is required or permitted by the Corporations Act and ASX.

If a duly completed instrument of transfer:

- (c) is used to transfer a Unit in accordance with paragraph (b) of this clause;

Constitution of SPDR MSCI World Quality Mix Fund

- (d) is left for registration with the Registrar, duly stamped if required and accompanied by any information that the Responsible Entity properly requires to show the right of the transferor to make the transfer; and
- (e) is accompanied by any fee required by the Responsible Entity,

the Responsible Entity must, subject to the Responsible Entity's powers to refuse registration, register the transferee as the Member.

4.4 When transfer is effective

Except as provided by the Clearing and Settlement Rules, a transfer is not effective until Registered.

4.5 Responsible Entity may request holding lock or refuse to register transfer

For Quoted Units, if permitted to do so by the ASX Rules, the Responsible Entity may:

- (a) request the CS Facility Operator or the Registrar, as the case may be, to apply a holding lock to prevent a transfer of Units from being registered on the CS Facility's sub register or registered on an issuer-sponsored sub register, as the case may be; or
- (b) refuse to Register a transfer of other Units to which paragraph (a) of this clause does not apply.

4.6 Responsible Entity must request holding lock or refuse to register transfer

The Responsible Entity must:

- (a) request the CS Facility Operator or the Registrar, as the case may be, to apply a holding lock to prevent a transfer of Units from being registered on the CS Facility's sub register or registered on an issuer-sponsored sub register, as the case may be; or
- (b) refuse to register any transfer of Units to which paragraph (a) of this clause does not apply,

if the Corporations Act or ASX Rules require the Responsible Entity to do so.

4.7 Notice of holding locks and refusal to register transfer

If, in the exercise of its rights under clause 4.5, the Responsible Entity requests the application of a holding lock to prevent a transfer of Units or refuses to Register a transfer of Units, it must, within two months after the date on which the transfer was lodged with it, give written notice of the request or refusal to:

- (a) the holder of the Units;
- (b) the purported transferee; and
- (c) the broker lodging the transfer, if any.

Failure to give notice does not, however, invalidate the decision of the Responsible Entity.

Constitution of SPDR MSCI World Quality Mix Fund

4.8 Joint tenancy

Persons Registered jointly as a Member hold as joint tenants and not as tenants in common unless the Responsible Entity otherwise agrees.

4.9 Transmission on death

If a holder of Units, who does not hold them jointly, dies, the Responsible Entity will recognise only the personal representative of the holder as being entitled to the holder's interest in the Units.

4.10 Information given by personal representative

If the personal representative gives the Responsible Entity the information it reasonably requires to establish the representative's entitlement to be registered as a holder of the Units:

- (a) the personal representative may:
 - (i) by giving a written and signed notice to the Responsible Entity, elect to be registered as the holder of the Units; or
 - (ii) by giving a completed transfer form to the Responsible Entity, transfer the Units to another person; and
- (b) the personal representative is entitled, whether or not registered as the holder of the Units, to the same rights as the previous holder.

On receiving an election under paragraph (a)(i) of this clause, the Responsible Entity must, subject to the Responsible Entity's powers to refuse registration, register the personal representative as the holder of the Units.

A transfer under paragraph (a)(ii) of this clause is subject to the clauses that apply to transfers generally.

4.11 Death of joint owner

If a holder of Units, who holds them jointly, dies, the Responsible Entity will recognise only the survivor as being entitled to the holder's interest in the Units. The estate of the holder is not released from any liability in respect of the Units.

4.12 Transmission on bankruptcy

If a person entitled to Units because of the bankruptcy of a holder of Units gives the Responsible Entity the information it reasonably requires to establish the person's entitlement to be registered as the holder of the Units, the person may:

- (a) by giving a written and signed notice to the Responsible Entity, elect to be registered as the holder of the Units; or
- (b) by giving a completed transfer form to the Responsible Entity, transfer the Units to another person.

On receiving an election under paragraph (a) of this clause, the Responsible Entity must, subject to the Responsible Entity's powers to refuse registration, register the person as the holder of the Units.

A transfer under paragraph (b) of this clause is subject to the clauses that apply to transfers generally.

This clause has effect subject to the Bankruptcy Act 1966 (Cwlth).

Constitution of SPDR MSCI World Quality Mix Fund

4.13 Transmission on legal disability

If a person entitled to Units because of the legal disability of a holder of Units gives the Responsible Entity the information it reasonably requires to establish the person's entitlement to be registered as the holder of the Units:

- (a) the person may:
 - (i) by giving a written and signed notice to the Responsible Entity, elect to be registered as the holder of the Units; or
 - (ii) by giving a completed transfer form to the Responsible Entity, transfer the Units to another person; and
- (b) the person is entitled, whether or not registered as the holder of the Units, to the same rights as the previous holder.

On receiving an election under paragraph (a)(i) of this clause, the Responsible Entity must, subject to the Responsible Entity's powers to refuse registration, register the person as the holder of the Units.

A transfer under paragraph (a)(ii) of this clause is subject to the clauses that apply to transfers generally.

5 Issue Price

5.1 Issue Price - Application received on or before Initial Application Day

Subject to clause 21.1, a Quoted Unit must only be issued in respect of an Application received on or before the Initial Application Day at an Issue Price equal to \$15.00.

The first issue of Units in a Class (other than the Class of Quoted Units created in respect of Applications received on or before the Initial Application Day (the "Initial Class")) will be at an Issue Price equal to the Issue Price for the Initial Class as at the relevant issue date.

5.2 Issue Price - Application received after Initial Application Day

The Issue Price of Units issued after the first issue of Units in the Class to which the Application relates must ~~only be issued at an Issue Price~~ be calculated as follows:

Issue Price = NAV per Unit as at the Calculation Time + NAV per Unit Adjustment

~~$$\frac{\text{Net Asset Value of the Class}}{\text{Number of Units in Issue in the Class}}$$~~

5.3 Time for determination

Subject to clause 6.5, the time as at which the NAV per Unit will be determined for the purposes of clause 5.2 is the "Calculation Time", which each of the variables in clause 5.2 must be determined as at is:

(a) if the Settlement Time for the issue of the Units will be:

(A) at the ASX Settlement Cycle; or

Constitution of SPDR MSCI World Quality Mix Fund

(B) at a time earlier than the ASX Settlement Cycle, and it is practicable for the Responsible Entity to calculate the NAV per Unit before that time,

the next Valuation Time after the Responsible Entity receives the Application for Units; and

(b) if the Settlement Time for the issue of the Units will be earlier than the ASX Settlement Cycle, and it is not practicable for the Responsible Entity to calculate the NAV per Units before that time, the ~~last~~next Valuation Time ~~after~~before the Responsible Entity receives the Application for Units.

5.4 When Application received

Subject to clauses 6.5 and 10.9(c), the day and time of receipt of an Application for Units is:

- (a) if the Application Form is received before the Prescribed Time for the relevant category of Application on a Business Day, immediately before the relevant Prescribed Time on the Business Day the Application Form is actually received; or
- (b) if the Application Form is received on a day that is not a Business Day or is received on or after the Prescribed Time for the relevant category of Application on a Business Day, immediately before the relevant Prescribed Time on the Business Day immediately following the day on which the Application Form is actually received.

5.5 Rounding

The Issue Price may be rounded as the Responsible Entity determines. The amount of the rounding must not be more than 1% of the Issue Price. Any excess Application money or property which results from rounding becomes an Asset.

5.6 Issue Price on reinvestment

The Issue Price for each Unit issued on reinvestment is the Issue Price of the relevant Class calculated under clause 5.2 as at the first Valuation Time on the first Business Day after the end of the Distribution Period to which the distribution relates.

6 Application procedures

6.1 Application Form

Except in the case of a reinvestment of distributions, an applicant for Units must if required by the Responsible Entity, complete an Application Form and give it to the Responsible Entity. The Application Form may be transmitted electronically if approved by the Responsible Entity.

6.2 Minimum amount, eligibility and withdrawal of Application

- (a) An In Specie Application for Units of a Class must be in respect of a whole multiple of the Creation Unit Amount prevailing for the relevant Class at the time of receipt of the Application Form, unless the Responsible Entity agrees otherwise. The Responsible Entity may, from time to time, set and vary a minimum application amount for Cash Applications for a Class.

Constitution of SPDR MSCI World Quality Mix Fund

- (b) Except in the case of a distribution reinvestment, or in the circumstances set out in clause 20.11, an applicant for Units must be a Market Participant acting as principal, unless the Responsible Entity otherwise agrees.
- (c) An applicant for Units may not withdraw an Application unless the Responsible Entity agrees.

6.3 Issue and Redemption Procedures

Unless the Responsible Entity agrees otherwise, an applicant for Quoted Units must comply with its obligations under the Issue and Redemption Procedures in relation to the Application.

6.4 Obligation to issue Units

Subject to:

- (a) clauses 6.2, 6.5 and 21.4;
- (b) receipt of the consideration due in respect of the Application in accordance with clauses 6.6 - 6.9; and
- (c) compliance with the law,

if the Responsible Entity receives a valid Application Form for an In Specie Application for Quoted Units the Responsible Entity must issue Units in accordance with the Application Form and the Issue and Redemption Procedures, unless the applicant consents otherwise. The Responsible Entity may refuse any Cash Application and any application for Unquoted Units.

6.5 Suspension of issue of Units

The Responsible Entity may suspend the issue of Units of a Class by publishing a notice to that effect by any means (for example in an Offer Document, by disclosure to the market via ASX, or on the Responsible Entity's website or otherwise on the internet). The Responsible Entity may cancel the suspension by publishing a further notice in the same manner. Any Application Form received by the Responsible Entity during a period of suspension of issue of Units must be either:

- (a) rejected; or
- (b) held and not processed until the period of suspension ceases.

Application Forms received by the Responsible Entity outside the period of suspension are not affected by the suspension. Where an Application Form is held under (b), the time of cessation of the period of suspension is taken to be the time of receipt of the Application Form by the Responsible Entity.

6.6 Payment

- (a) Except in the case of a reinvestment of distributions or where the Responsible Entity agrees otherwise, the Applicant must pay to the Responsible Entity or a Custodian, an amount equal to the aggregate of the Issue Price NAV per Unit as at the Calculation Time for all Units to be issued in a manner acceptable to the Responsible Entity and, if the Application is for Quoted Units, in accordance with the Issue and Redemption Procedures.

Constitution of SPDR MSCI World Quality Mix Fund

(b) In addition:

~~(a)~~(i) if the Transaction Adjustment Amount is greater than zero, the Applicant must pay to the Responsible Entity or a Custodian the Transaction Adjustment Amount in a manner acceptable to the Responsible Entity and, if the Application is for Quoted Units, in accordance with the Issue and Redemption Procedures; or

~~(b)~~(ii) if the Transaction Adjustment Amount is less than zero, the Responsible Entity must pay to the applicant an amount equal to the amount by which the Transaction Adjustment Amount is less than zero. The Responsible Entity may set off this obligation against the applicant's obligation to pay the [Issue PriceNAV per Unit](#) to the Responsible Entity [under clause 6.6\(a\)](#).

(c) For In Specie Applications, the Applicant is also required to sell to the Responsible Entity, or to a Custodian, the Application Basket.

(d) For Cash Applications for Quoted Units, the Transaction Adjustment Amount will be payable by the applicant or to the applicant (including through a deduction in the aggregate [Issue PriceNAV per Unit](#) payable [under clause 6.6\(a\)](#)) in instalments comprising:

~~(a)~~(i) the Initial Instalment Transaction Adjustment Amount; and

~~(d)~~(ii) the Final Instalment Transaction Adjustment Amount.

(e) The sum of the Initial Instalment Transaction Adjustment Amount and the Final Instalment Transaction Adjustment Amount will equal the Transaction Adjustment Amount.

6.7 Transaction Adjustment Amount

An applicant for Units must pay the Responsible Entity or a Custodian, in a manner acceptable to the Responsible Entity, a Transaction Adjustment Amount (if positive). The positive Transaction Adjustment Amount paid is an Asset. The Responsible Entity must pay to the applicant ([or offset](#)) an amount equal to the amount by which a negative Transaction Adjustment Amount is less than zero.

6.8 Timing – Quoted Units

Except in the case of a reinvestment of distributions, for:

(a) Cash Applications for Quoted Units the required payment of the [Issue PriceNAV per Unit as at the Calculation Time](#):

(ii) plus, if the Initial Instalment Transaction Adjustment Amount is greater than zero, the Initial Instalment Transaction Adjustment Amount; or

(iii) minus, if the Initial Instalment Transaction Adjustment Amount is less than zero, an amount equal to the amount by which the Initial Instalment Transaction Adjustment Amount is less than zero; and

(b) In Specie Applications for Quoted Units the required payment of the [Issue NAV per Unit as at the Price Calculation Time](#) and the Transaction Adjustment Amount,

Constitution of SPDR MSCI World Quality Mix Fund

must (unless the Responsible Entity otherwise determines):

- (c) in the case of an Application received before or during the Initial Application Day, be received by the Responsible Entity or a Custodian on or before the Settlement Time on the third Business Day after the Initial Application Day; or
- (d) in any other case, be received by the Responsible Entity or a Custodian on or before the Settlement Time on the day which is:
 - ~~(i) the third Business Day after receipt of the Application Form (T+3);~~
 - ~~(ii)(i) if the number of Business Days in which the ASX requires securities transactions to settle (“ASX Settlement Cycle”) changes from T+3, the number of Business Days after receipt of the Application Form that is the same as the applicable ASX Settlement Cycle; or~~
 - ~~(iii)(ii) a Business Day which is less than the applicable ASX Settlement Cycle as determined by the Responsible Entity, but only if the Application Form permits an applicant to request a shorter settlement cycle and the applicant has so requested.~~

In addition, the required payment of any positive Final Instalment Transaction Adjustment Amount in respect of an Application for Quoted Units must, unless the Responsible Entity otherwise determines, be paid by the time specified by the Responsible Entity in writing to the applicant, which will not be more than two Business Days after the Settlement Time in respect of the NAV per Unit Adjustment component of the Transaction Adjustment Amount. The Responsible Entity may require the applicant to pay the Final Instalment Transaction Adjustment Amount in one or more instalments. If the Final Instalment Transaction Adjustment Amount is less than zero, the Responsible Entity must pay to the applicant an amount equal to the amount by which the Final Instalment Transaction Adjustment Amount is less than zero within 15 Business Days after the date the Responsible Entity calculates the Final Instalment Transaction Adjustment Amount.

For an In Specie Application, the Applicant is also required to sell to the Responsible Entity, or a Custodian, the Application Basket in accordance with the Issue and Redemption Procedures. Any costs associated with the valuation or transfer of the Application Basket are payable or reimbursable out of the Assets or payable by the applicant concerned, as the Responsible Entity determines.

6.9 Timing – Unquoted Units

For an application for Unquoted Units, payment in a form acceptable to the Responsible Entity, or a transfer of property of a kind acceptable to the Responsible Entity and able to be vested in the Responsible Entity or a Custodian appointed by it (accompanied by a recent valuation of the property, if the Responsible Entity requires), must:

- (a) accompany the application;
- (b) be received by or made available to the Responsible Entity or a Custodian within such period before or after the Responsible Entity receives the application form as the Responsible Entity determines from

Constitution of SPDR MSCI World Quality Mix Fund

time to time or as the terms of issue of the relevant Unquoted Units contemplate; or

- (c) comprise a reinvestment of distribution.

If the Responsible Entity accepts a transfer of property other than cash, any costs associated with the valuation or transfer of the property are payable by the applicant concerned.

6.10 Issue time **When Units are issued**

Units (other than Units which are issued on a reinvestment of distributions and Unquoted Units) are taken to be issued at the time they are issued in accordance with the Issue and Redemption Procedures.

Units which are issued on a reinvestment of distributions are taken to be issued immediately after the first Valuation Time after the end of the Distribution Period to which the distribution relates.

Unquoted Units are taken to be issued at the time that is the earlier of:

- (a) the time the issue of Units is recorded in the Register; and
- (b) the time when both of the following have occurred:
 - (i) the Responsible Entity accepts the application for Units; and
 - (ii) the Responsible Entity or its agent receives the Application money (even if paid into the applications account or received in the form of a cheque) or the property against which Units are to be issued is vested in the Responsible Entity.

6.11 **Nomination of Member**

The Responsible Entity alone may nominate the person to be Registered as the holder of a Unit, and may treat the Registered holder as the absolute owner of it. The Responsible Entity's power of nomination ceases once a person has been Registered as the holder of a Unit. The Responsible Entity need not recognise any claim or interest in a Unit by another person, even if the Responsible Entity has notice of it.

6.12 **Uncleared funds**

Subject to the law and the ASX Rules, Units issued against either or both Application money paid other than in cleared funds or in consideration of a transfer of property are void if the funds are not subsequently cleared or the property does not vest in the Responsible Entity within 1 month of receipt of the Application.

6.13 **Currency conversion**

Where it is necessary for the purposes of an application for Units to convert the Application money or the value of property provided on application from one currency to another, the conversion is to be made at a time, and at the rate quoted by a bank or an independent pricing provider (such as Reuters) nominated by the Responsible Entity. Where the value of an Asset denominated in a foreign currency is converted for the purposes of calculating the Redemption

Constitution of SPDR MSCI World Quality Mix Fund

Price of a Unit, the currency valuation applied must be consistent with the range of ordinary commercial practice for valuing currency¹.

6.14 Failure of In Specie Applications

Subject to the law and the ASX Rules, Units issued in respect of an In Specie Application may, in the Responsible Entity's discretion, be voided if the Applicant does not transfer the Application Basket to the Responsible Entity or a Custodian, in accordance with the Issue and Redemption Procedures.

7 Redemption Price and Withdrawal Amount

7.1 Redemption Price

A Unit may only be redeemed in respect of a Class at a redemption price calculated as follows:

$$\text{Withdrawal Amount of the Unit} \quad - \quad \text{Withdrawal Unit Capital Gain Entitlement of the Unit}$$

7.2 Withdrawal Amount

The Withdrawal Amount in respect of a Unit of a Class is the amount calculated as follows:

$$\frac{\text{Net Asset Value of the Class}}{\text{Number of Units in Issue in the Class}}$$

7.3 Time for determination

Each of the variables in clause 7.2 must be determined:

- (a) while the Trust is a Registered Scheme and is Liquid, and at all times when the Trust is not a Registered Scheme, as at the next Valuation Time after the Responsible Entity receives the redemption request for redemption of the Units; and
- (b) while the Trust is a Registered Scheme and is not Liquid, as at the last Valuation Time before the withdrawal offer is made.

7.4 When request received

The day and time of receipt of a redemption request for Units is:

- (a) if the redemption request is received before the Prescribed Time for the relevant category of redemption request on a Business Day, immediately before the relevant Prescribed Time on the Business Day the redemption request is actually received; or
- (b) if the redemption request is received on a day that is not a Business Day or is received on or after the Prescribed Time for the relevant category of redemption request on a Business Day, immediately before the relevant Prescribed Time on the Business Day immediately following the day on which the redemption request is actually received.

7.5 Rounding

The Withdrawal Amount may be rounded as the Responsible Entity determines. The amount of the rounding must not be more than 1% of the Withdrawal Amount. Any excess money or property which results from rounding remains or becomes an Asset.

7.6 Withdrawal Unit Capital Gain Entitlements

- (a) The Withdrawal Unit Capital Gain Entitlement for a Unit of a Class redeemed by a Member or Former Member as a result of a redemption request in a Financial Year (other than a Unit in respect of which Quotation has been suspended for more than five consecutive Trading Days, as that term is defined in the ASX Operating Rules) is, subject to clause 7.6(b), the Net Credit Balance in the Member Capital Gain Account of the Member or Former Member in respect of that Class as at the end of the Financial Year divided by the number of Units of the Class redeemed by the Member or Former Member during the Financial Year;
- (b) Where the Withdrawal Unit Capital Gain Entitlement of a Unit of a Class redeemed by a Member or Former Member under paragraph (a) of this clause is greater than or equal to the Withdrawal Amount of that Unit, the Responsible Entity will:
 - (i) reduce the Withdrawal Unit Capital Gain Entitlement of that Unit, to an amount equal to the Withdrawal Amount of the Unit, less one cent (the reduction of one cent from the Withdrawal Amount being to ensure that the Redemption Price will be at least equal to one cent per Unit); and
 - (ii) allocate the amount by which the Withdrawal Unit Capital Gain Entitlement for the Unit was reduced, on a pro-rata basis among the other Units of that Class redeemed by the Member or Former Member during the Financial Year so as to increase the Withdrawal Unit Capital Gain Entitlement of those Units, up to a maximum amount for each Unit equal to the Withdrawal Amount of the relevant Unit less one cent.
- (c) The Withdrawal Unit Capital Gain Entitlement of a Member or Former Member in respect of a Financial Year is the aggregate of the Withdrawal Unit Capital Gain Entitlements of all the Units of a Class redeemed by the Member or Former Member in the Financial Year.

7.7 Distribution of Withdrawal Unit Capital Gain Entitlements

Where the Responsible Entity redeems any of a Member's Units of a Class, the Responsible Entity must pay to the Member, in addition to the entitlement to the Redemption Price, the Withdrawal Unit Capital Gain Entitlements (if any) of the Member in respect of the Units of that Class. The Member's entitlement to the Withdrawal Unit Capital Gain Entitlement will be satisfied by a payment or transfer (or both) from the Assets of a value totalling the Member's aggregate Withdrawal Amount, in accordance with clause 8.4(b) and (c).

7.8 Notification of inclusion of Withdrawal Unit Capital Gain Entitlement

Where any Withdrawal Unit Capital Gain Entitlement is paid in respect of a redeemed Unit of a Class, the Responsible Entity must notify the Member or the Former Member in writing within 2 months of the end of the Financial Year during which the Unit was redeemed of full details of the Withdrawal Unit Capital Gain Entitlement distributed.

Constitution of SPDR MSCI World Quality Mix Fund

7.9 Member Capital Gain Account

- (a) The Responsible Entity must establish and maintain a Member Capital Gain Account for each Member and Former Member who redeems a Unit of a Class during a Financial Year. A Member Capital Gain Account must be established and maintained for each Member or Former Member in respect of Units of each Class. The Responsible Entity must deal with the accounts in accordance with this clause 7.9.
- (b) After a Member redeems some or all of its Units of a Class as a result of a redemption request the Responsible Entity must determine the Redemption Capital Gains and Redemption Capital Losses for the Member in respect of the Units of the Class redeemed as a result of the redemption request.
- (c) The Responsible Entity must allocate to the Member Capital Gain Account of a Member or Former Member the Redemption Capital Gains and Redemption Capital Losses in respect of the Units of the Class redeemed by the Member or Former Member by:
 - (i) crediting the Member Capital Gain Account by the Redemption Capital Gains;
 - (ii) debiting the Member Capital Gain Account by the Redemption Capital Losses, in accordance with paragraph (e); and
 - (iii) at the end of the relevant Financial Year, debiting the Member Capital Gain Account by the Member's share of Excess Capital Losses (if any) in accordance with paragraph (d).
- (d) The Responsible Entity must allocate Excess Capital Losses for a Financial Year in accordance with the following procedure:
 - (i) the Responsible Entity will calculate the excess Redemption Capital Losses as at the end of a Financial Year by aggregating the Net Debit Balances of Member Capital Gain Accounts as at the end of the Financial Year (disregarding debits to those accounts made pursuant to paragraph (c)(iii));
 - (ii) the excess Redemption Capital Losses for the Financial Year determined in accordance with paragraph (d)(i) will be applied, together with the Trust Capital Losses for the Financial Year, against the Trust Capital Gains for the Financial Year in accordance with the method statement in subsection 102-5(1) of the 1997 Act;
 - (iii) the capital losses (if any) remaining after the application in paragraph (d)(ii) will be the Excess Capital Losses for the Financial Year;
 - (iv) The Excess Capital Losses will be allocated to Members, as at the end of the Financial Year pro rata in accordance with the Net Credit Balances in the Member Capital Gain Accounts of each Class.
- (e) The Responsible Entity must maintain each Member Capital Gain Account in a way which identifies the Redemption Capital Gains to which Redemption Capital Losses and Excess Capital Losses have been

Constitution of SPDR MSCI World Quality Mix Fund

applied, in accordance with the method statement in subsection 102-5(1) of the 1997 Act.

- (f) Immediately after the end of a Financial Year, the Net Balance in each Member Capital Gain Account in respect of that Financial Year will be extinguished.

8 Redemption procedures

- (b) The Responsible Entity may refuse any redemption request in respect of Quoted Units.
- (c) Unless the Responsible Entity agrees otherwise, an In Specie Redemption request for Quoted Units must be in respect of a whole multiple of the Creation Unit Amount for the relevant Class. Redemption requests must be made in the form from time to time determined by the Responsible Entity and delivered to any office of the Responsible Entity or any other place determined by the Responsible Entity. The Responsible Entity may, from time to time, set a minimum redemption amount for Cash Redemptions for a Class.
- (d) A Member may not, unless the Responsible Entity agrees:
 - (i) withdraw a redemption request;
 - (ii) subject to clause 8.1(e), give the Responsible Entity a redemption request unless the Member is a Qualifying Australian Resident;
 - (iii) subject to clause 8.1(e), give the Responsible Entity a redemption request unless the Member is a Market Participant acting as principal; or
 - (iv) give the Responsible Entity a redemption request before the first Business Day after the Initial Application Day.
- (e) Clauses 8.1(d)(ii) and (iii) do not apply in relation to redemptions of Unquoted Units.

8.2 Entitlement upon redemption

Unless the Responsible Entity rejects a redemption request for a Unit under clause 8.4(e) or 8.1(b) and subject to this clause 8, the Responsible Entity must pay to the Member the Redemption Price and the Withdrawal Unit Capital Gain Entitlement in respect of that Unit.

8.3 When Trust is Liquid or not a Registered Scheme

Clauses 8.2, 8.4, 8.5 and 8.6 apply only while:

- (a) the Trust is Liquid; and
- (b) the Trust is not Liquid but is not a Registered Scheme.

Constitution of SPDR MSCI World Quality Mix Fund

8.4 Responsible Entity must redeem

- (a) Unless the Responsible Entity rejects a redemption request for a Unit under clause 8.4(e) or 8.1(b), and subject to this clause 8, the Responsible Entity must satisfy a redemption request in respect of a Quoted Unit by a payment from the Assets of a value totalling the Redemption Price and the Withdrawal Unit Capital Gain Entitlement, in accordance with this clause 8 and the Issue and Redemption Procedures.

For an In Specie Redemption of Quoted Units, the redeeming Member is also required to purchase from the Responsible Entity, or a Custodian, the Redemption Basket in accordance with the Issue and Redemption Procedures.

- (b) For a request to redeem an Unquoted Unit, subject to clause 8.4(e), payment totalling the Redemption Price and the Withdrawal Unit Capital Gain Entitlement must be made within 10 Business Days of the date the redemption request is received.
- (c) Except where the Responsible Entity agrees otherwise, the Responsible Entity must satisfy a Member's entitlement to the aggregate Withdrawal Amount arising as a result of a redemption request by paying the Withdrawal Amount to the redeeming Member. In addition
- (i) if the Transaction Adjustment Amount is less than zero, the Responsible Entity must pay to the redeeming Member an amount equal to the amount by which the Transaction Adjustment Amount is less than zero; or
- (ii) if the Transaction Adjustment Amount is greater than zero, the redeeming Member must pay to the Responsible Entity an amount equal to the Transaction Adjustment Amount in a manner acceptable to the Responsible Entity and, if the Units the subject of the redemption are Quoted Units, in accordance with the Issue and Redemption Procedures.
- (d) Subject to paragraphs (e), (f) and (g) of this clause and the Issue and Redemption Procedures, a redemption request in respect of a Quoted Unit must be satisfied on or before the Settlement Time on the third Business Day after receipt of the request or by such other time determined by the Responsible Entity.
- (e) If:
- (i) the Responsible Entity has taken all reasonable steps to realise sufficient Assets to pay the Redemption Price and the Withdrawal Unit Capital Gain Entitlement in respect of Units to which a redemption request relates and is unable to do so due to circumstances outside its control such as restricted or suspended trading in the market for an Asset;
- (ii) the Responsible Entity believes that it is impracticable or not possible to transfer, in the manner acceptable to the Responsible Entity, sufficient Assets to satisfy the entitlement to the Redemption Price and the Withdrawal Unit Capital Gain Entitlement in respect of Units to which a redemption request applies (for example, because of disruption to a settlement or clearing system);

Constitution of SPDR MSCI World Quality Mix Fund

- (iii) the Responsible Entity believes that it is not practicable to publish an Application Basket or a Redemption Basket or to carry out the calculations necessary to satisfy an entitlement to the Redemption Price and the Withdrawal Unit Capital Gain Entitlement in respect of Units to which a redemption request applies (for example, because a market index on which the Application Basket or Redemption Basket is to be based is not compiled or published, or it is impracticable to calculate the Net Asset Value of the Class because of restricted or suspended trading in the market for an Asset or because the value of any Asset cannot otherwise promptly or accurately be ascertained);
- (iv) the Quotation of any Units is suspended or revoked or the trading of any Units is otherwise halted, suspended, interrupted or restricted by the ASX;
- (v) the approval of the Responsible Entity as an AQUA Product Issuer is suspended or revoked;
- (vi) a redemption request is received in a Financial Year and the Responsible Entity determines that the date on which the completion of the redemption of the Units would otherwise occur would be in the next Financial Year;
- (vii) a redemption request is received during the period commencing on an Ex Date for a Distribution Period and expiring on the Distribution Calculation Date of that Distribution Period (both inclusive);
- (viii) the Responsible Entity does not consider that it is in the best interests of Members taken as a whole to transfer or realise sufficient Assets to satisfy the entitlement to the Redemption Price and the Withdrawal Unit Capital Gain Entitlement in respect of Units to which a redemption request applies; or
- (ix) the Responsible Entity considers it impossible or impracticable in the circumstances to satisfy a redemption request in the timeframe set out in the Issue and Redemption Procedures,

the Responsible Entity may either:

- (x) extend the period allowed for satisfaction of the redemption request by the number of days during which such circumstances apply; or
 - (xi) reject the redemption request.
- (f) Unless the Responsible Entity agrees otherwise, a Member which makes a redemption request must comply with their obligations under the Issue and Redemption Procedures (if the redemption relates to Quoted Units) in relation to the redemption request.
- (g) If the Responsible Entity receives redemption requests on any Business Day that relate to more than 10% of Quoted Units (or such higher percentage determined by the Responsible Entity), the Responsible Entity may scale down each of those redemption requests (pro rata) so that no more than 10% (or such higher percentage as the Responsible Entity may determine) of Quoted Units are redeemed on that Business Day under redemption requests.

Constitution of SPDR MSCI World Quality Mix Fund

8.5 Termination of a Class

The Responsible Entity may terminate any Class other than Quoted Units by redeeming all Units on issue in that Class without any request by the Members holding those Units.

8.6 Compulsory redemption

The Responsible Entity may, subject to the Corporations Act, without receiving a redemption request redeem for cash:

(a) any Units held by a person who is not a Qualified Investor; or

(b) the number of Units held by a Member equal in value to any Final Instalment Transaction Adjustment Amount payable by that Member which has not been paid to or deducted by the Responsible Entity by the time required under the Issue and Redemption Procedures.

8.7 When Trust is not Liquid

While the Trust is not Liquid, a Member may withdraw from the Trust in accordance with the terms of any current withdrawal offer made by the Responsible Entity in accordance with the provisions of the Corporations Act and this constitution regulating offers of that kind. While the Trust is a Registered Scheme, if there is no withdrawal offer currently open for acceptance by Members, a Member has no right to request withdrawal from the Trust.

8.8 Making a withdrawal offer

8.10 Treatment of request

If the Responsible Entity receives a redemption request and the Trust subsequently ceases to be Liquid before that request has been accepted or rejected, the request lapses.

8.11 Clauses applicable to all withdrawals

In satisfaction of a redemption request the Responsible Entity is not obliged to:

- (a) pay any amount out of its own funds; or
- (b) transfer any of its own assets.

Constitution of SPDR MSCI World Quality Mix Fund

8.12 Sums owed to Responsible Entity

The Responsible Entity may deduct from the Redemption Price and Withdrawal Unit Capital Gain Entitlement payable to a Member (including from the value of Assets to be transferred in satisfaction of the Member's entitlement to such amounts) or money paid pursuant to a withdrawal offer any money due to it by the Member.

8.13 Transaction Adjustment Amount

A Member who makes a redemption request in respect of which the Transaction Adjustment Amount is greater than zero must pay the Responsible Entity or a Custodian, in a manner acceptable to the Responsible Entity, an amount equal to the Transaction Adjustment Amount. The positive Transaction Adjustment Amount paid is an Asset. The Responsible Entity may determine the Transaction Adjustment Amount due is to be set off against the Withdrawal Amount payable in respect of the redemption.

Unless the Responsible Entity determines that the positive Transaction Adjustment Amount is to be set off in full, the part of the Transaction Adjustment Amount that has not been set off must be received by the Responsible Entity or a Custodian by such time determined by the Responsible Entity.

For a redemption request in respect of which the Transaction Adjustment Amount is less than zero the Responsible Entity must pay to the redeeming Member an amount equal to the amount by which the Transaction Adjustment Amount is less than zero.

For Cash Redemptions of Quoted Units, the Transaction Adjustment Amount will be payable by or to the redeeming Member in instalments comprising:

- (a) the Initial Instalment Transaction Adjustment Amount, which:
 - (i) if the Initial Instalment Transaction Adjustment Amount is greater than zero, is payable by the redeeming Member; or
 - (ii) if the Initial Instalment Transaction Adjustment Amount is less than zero, an amount equal to the amount by which the Initial Instalment Transaction Adjustment Amount is less than zero is payable to the redeeming Member,

on or before the Settlement Time on the ~~second~~^{third} Business Day after receipt of the redemption request or such other time as may be specified in the Issue and Redemption Procedures; and

- (b) the Final Instalment Transaction Adjustment Amount.

The sum of the Initial Instalment Transaction Adjustment Amount and the Final Instalment Transaction Adjustment Amount will equal the Transaction Adjustment Amount in respect of the redemption.

If the Final Instalment Transaction Adjustment Amount for a Cash Redemption of Quoted Units is:

- (c) greater than zero, the redeeming Member must, unless the Responsible Entity otherwise determines, pay the Final Instalment Transaction Adjustment Amount by the time specified by the Responsible Entity in writing to the redeeming Member. The Responsible Entity may require the redeeming Member to pay the Final Instalment Transaction Adjustment Amount in one or more instalments; or

Constitution of SPDR MSCI World Quality Mix Fund

- (d) less than zero, the Responsible Entity must pay to the redeeming Member an amount equal to the amount by which the Final Instalment Transaction Adjustment Amount is less than zero within 15 Business Days after the date the Responsible Entity calculates the Final Instalment Transaction Adjustment Amount.

8.14 When Units are redeemed

- (a) Units are taken to be redeemed at the first to occur of the time the relevant withdrawal proceeds are paid or transferred to the withdrawing Member the time the redemption is recorded in the Register; and
- (b) for Quoted Units only, the Settlement Time on the third Business Day after receipt of the redemption request, or such other time as may be specified in the Issue and Redemption Procedures.

The Responsible Entity must, as soon as is reasonably practicable after the redemption of Units, arrange for the redemption to be recorded in the Register.

9.1 Periodic valuations

The Responsible Entity may cause an Asset to be valued at any time and, if the Trust is a Registered Scheme, must do so as and when required by the Corporations Act.

9.2 Net Asset Value

The Responsible Entity may determine the Net Asset Value of the Trust and the Net Asset Value of any Class at any time, including more than once on each day.

9.3 Valuation methods

While the Trust is not a Registered Scheme, the Responsible Entity may determine valuation methods and policies for each category of Asset and change them from time to time. Unless the Responsible Entity determines otherwise, the value of an Asset for the purpose of calculating the Net Asset Value of the Trust and the Net Asset Value of a Class will be its Market Value.

9.4 Market Value

While the Trust is a Registered Scheme, the Responsible Entity's policy for the valuation of Assets must be based on the range of ordinary commercial practice for valuing the relevant type of asset and, where used to calculate the Issue Price or Withdrawal Amount of a Unit, the value must be reasonably current². In the absence of any other determination by the Responsible Entity, the value of an Asset will be its Market Value.

9.5 Accounts, audit and reports

While the Trust is not a Registered Scheme, the Responsible Entity must keep or cause to be kept proper books of account which correctly record and explain the transactions and financial position of the Trust and may, but need not, have those records audited.

² ASIC RG 134.111 provides guidance on the meaning of "reasonably current".

Constitution of SPDR MSCI World Quality Mix Fund

9.6 Ex-entitlement valuation or transfer

Where at a Valuation Time, an entitlement to a pecuniary benefit or right exists in relation to a security included in the prevailing Application Basket or Redemption Basket, the Responsible Entity shall notify the relevant persons applying for Units or redeeming Units at that time, the basis of valuing the security (ie whether or not it is on an ex-entitlement basis) and the basis of transferring the security (ie whether or not it is on an ex-entitlement basis) in relation to the relevant Applications for Units and redemption requests.

9.7 Currency conversion

Where it is necessary for the purposes of a valuation to convert one currency into another, the conversion is to be made at a rate determined by the Responsible Entity.

- (d) In the case of each Distribution Period which ends at the end of a Financial Year, the Distributable Income of the Trust for that Distribution Period is to be the amount by which the Distributable Income of the Trust for the Financial Year exceeds the aggregate of the Distributable Income of each Class or estimated Distributable Income of each Class in respect of any prior Distribution Periods for all Classes during that Financial Year.

10.3 Present entitlement to Distributable Income

A Member or Former Member is presently entitled to the Distributable Income of the Trust for a Financial Year, in the proportion that the sum of the Income Distributions for that Member or Former Member for the Financial Year bears to the sum of the Income Distributions for all Members and Former Members for the Financial Year.

10.4 Income Distributions

The Income Distribution for a Member for a Distribution Period means the sum of the amount calculated by the Responsible Entity as follows in respect of each Class in respect of which the Member holds Units:

$$\frac{A \times C}{B}$$

where:

- A is the number of Units in the Class held by the Member at the end of the Distribution Period;
- B is the number of Units in the Class held by all Members at the end of the Distribution Period; and
- C is the Distributable Income of the Class for the Distribution Period.

Constitution of SPDR MSCI World Quality Mix Fund

21.3 Change in taxation

If at any time legislation is enacted the result of which is that the Responsible Entity is liable to pay any income tax or capital gains tax (other than withholding tax or tax of a similar nature) on the income of the Trust other than income not distributed to Members, the Responsible Entity may call a meeting of the Members to consider winding up the Trust and if by special resolution the meeting so decides, the Responsible Entity may wind up the Trust.

21.4 Restriction on issue and redemption of Units

Despite any other provisions in this constitution, no Units may be issued or redeemed after the 80th anniversary of the day preceding the day the Trust commenced, unless that issue or redemption would not offend the rule against perpetuities, or any other rule of law or equity.

22 Procedure on termination

22.1 Realisation of Assets and payment of expenses

Following termination, the Responsible Entity must:

- (a) realise the Assets, except to the extent that it determines to distribute Assets to Members pro rata according to their holding of Units on winding up of the Trust; and
- (b) make payments (or set aside estimated amounts) from the assets of the Trust to pay the Trust's expenses and liabilities, and the costs or anticipated costs of winding up the Trust. These amounts will reduce the proceeds of winding up that a Member may otherwise receive, but a Member is not required to pay any of these amounts from their own funds.⁶

To the extent that realisation of Assets is required, it must be completed in 180 days if practical and in any event as soon as possible after that. The Responsible Entity may, however, postpone realisation of the Assets or any Asset if the Responsible Entity reasonably considers it would be in the best interests of Members to do so, and the Responsible Entity is not responsible for any consequent loss.

22.2 Auditor and liquidator

If, at the time it is to be wound up, the Trust is a Registered Scheme, the Responsible Entity must arrange for an independent audit of the final accounts of the Trust by a registered company auditor.

If the Trust is to be wound up because its Liabilities exceed its Assets or there is expected to be insufficient cash for the Responsible Entity to meet Liabilities from the Assets as and when they fall due, the Responsible Entity may appoint an appropriately qualified liquidator to carry out the winding up, and delegate to the liquidator the powers the Responsible Entity under this constitution as necessary to facilitate the winding up.⁷

$$\frac{A \times B}{C}$$

Where:

- A = the amount remaining in the Trust that the Responsible Entity determines is properly attributable to the relevant Class after deduction of the Liabilities, Distributable Income entitlements and expenses referred to in this clause 22.3;
- B = the aggregate of the number of Units of the Class held by the Member as at termination; and
- C = the aggregate of the total Number of Units in Issue in that Class as at termination.

The Responsible Entity may distribute any Assets and the net proceeds of realisation in instalments.

22.4 Provisions continue to apply

23.3 While not a Registered Scheme

In accordance with any relevant ASIC Relief from subsections 601GC(1) and (2) of the Corporations Act, and for so long as it applies to the Trust, a change in the text of this constitution because of the operation of clause 24.1 that is covered by such relief instrument is not a modification of, or the repeal and replacement of, the constitution for the purposes of subsections 601GC(1) and (2) of the Corporations Act. Changes in the text of the constitution to which this clause 24.3 applies are made pursuant to the power in clause 23.1 but in respect of such changes the requirements of clause 23.1 are to be read subject to this clause 24.3.
