4	Approve the Increase in Maximum Aggregate Remuneration of Non-Executive Directors	Mgmt	None	For	For	No
	<i>Voting Policy Rationale: A vote FOR the increase in the NED Aggregate Fee Cap is warranted, given that current headroom is only \$47,000 and the increase sought in the cap of \$100,000 is not excessive. However, some shareholders may note that whilst NED are not excessive relative to their peers, the increase in individual directors' fees in January 2016 is viewed in the context of a 22% fall in EPS and NPAT and a near 50% fall in share price and TSR.</i>					
5	Approve the Amendments to the Constitution	Mgmt	For	For	For	No
	<i>Voting Policy Rationale: SSGA broadly supports amendments to a company's Articles/Bylaws/Charter that do not negatively impact its rights as a shareholder.</i>

<i>Voting Policy Rationale: A vote FOR the increase in the NED fee pool is warranted because the justification provided by the company is reasonable, NED fees are not excessive and appropriate for the small size of the company, and it has been 10 years since the last increase was proposed. It also appears that upon the elections of the new directors and payment of all directors at the stipulated individual remuneration levels, the present fee pool may not be sufficient.</i>

<i>Voting Policy Rationale: A vote FOR this resolution is warranted as this amendment will accommodate the board's intention to appoint a second Seven Group Holdings nominee in the event that the size of the board is increased to nine. This would appear to preserve Seven's board representation at a level which is close to its proportionate shareholding of approximately 22 percent. Nevertheless, shareholder may be concerned with the limitation placed on shareholder rights to appoint directors. To the extent that shareholders may seek to nominate an additional director, the board may invoke the "no vacancy" rule, and there is no casual vacancy on the board due to the limitation under the constitution.</i>

This allows the company to refresh the 15% annual equity placement capacity which does not require shareholder approval under ASX Listing Rule 7.1 to give the company flexibility to undertake strategic acquisitions funded by equity as required. In the case of the acquisition of Freedom Aged Care, in respect of which the equity was issued as purchase consideration, the acquisition is aligned with the company's strategy, without material discount or dilution and issued to vendors, thereby aligning their interests with existing security holders.</i>

<i>Voting Policy Rationale: A vote FOR ratification of these items is warranted as it represents consideration paid to the Vendors for a value accretive acquisition. Consideration in the form of equity paid to vendors may be considered to be favourable as it also aligns the vendors' interests with existing shareholders of the Company going forward. While shareholders may be concerned that the issue of shares, representing approximately 20 percent of the entire issued share capital may have a dilutive effect for existing shareholders, these concerns should be somewhat mitigated by the increase in share price to \$1.79 following announcement of the acquisition.</i>

The only concern is in regard to excessive remuneration which the Board appears happy to have on offer and not upset the winning run. In this regard, the improved disclosure assists in showing that remuneration is well linked to financial performance targets which in turn are well aligned with shareholder returns.</i>

6	Approve the Increase in Maximum Aggregate Remuneration of Non-Executive Directors	Mgmt	For	For	For	No
<p><i>Voting Policy Rationale: A vote FOR this resolution is warranted as no material governance issues have been identified. There are now five non-executive directors, including the chairman, drawing a minimum base fee of \$100,000 (\$125,000 for the chairman). Accordingly, the existing fee pool is insufficient, and a \$200,000 increase is not considered unreasonable.</i></p>
