4	Approve the Grant of Performance Options and Performance Rights to Paul Perreault, Chief Executive Officer and Managing Director of the Company	Mgmt	For	For	For	No
<i>Voting Policy Rationale: This item merits support as the size of the requested authorization, the resulting level of potential dilution and the terms of the plan are reasonable.</i>						
5	Approve the Increase in Maximum Aggregate Remuneration of Non-Executive Directors	Mgmt	For	Against	Against	Yes
<i>Voting Policy Rationale: A vote AGAINST an increase in the maximum non-executive director remuneration cap is warranted. The Company does not provide adequate justification for the increase in the NED fee cap given the current headroom of AUD 673,615 and the excessive quantum of the proposed increase of AUD1 million. Even in light of the proposed NED fee increases for FY17 as disclosed in the remuneration report, there still appears to be sufficient headroom in the current NED fee pool.</i>

6	Approve the Increase in Maximum Aggregate Remuneration of Non-Executive Directors	Mgmt	None	For	For	No
	<i>Voting Policy Rationale: A vote FOR the increase in the maximum aggregate director fees because no material governance concerns have been identified, given that some additional headroom may be required to address board succession given the heavy workloads of various directors. The average NED fee (excluding chairman's fees) appears to be approximately \$230,000, suggesting that upon appointment of two additional directors, the company may come unnecessarily close to the fee cap.</i>

7	Approve the Increase in the Number of Directors to 9	Mgmt	For	For	For	No
<i>Voting Policy Rationale: A vote FOR this resolution is warranted as this amendment will accommodate the board's intention to appoint a second Seven Group Holdings nominee in the event that the size of the board is increased to nine. This would appear to preserve Seven's board representation at a level which is close to its proportionate shareholding of approximately 22 percent. Nevertheless, shareholder may be concerned with the limitation placed on shareholder rights to appoint directors. To the extent that shareholders may seek to nominate an additional director, the board may invoke the "no vacancy" rule, and there is no casual vacancy on the board due to the limitation under the constitution.</i>						
8	Approve the Increase in Maximum Aggregate Remuneration of Non-Executive Directors	Mgmt	None	For	For	No
<i>Voting Policy Rationale: A vote FOR the resolution to approve an increase in the maximum aggregate remuneration of NEDs (Item 8) is warranted because there are more directors following the merger with Drillsearch and no material governance issues have been identified. The NED fees have not been increased since 2012, and the raising of the cap allows for additions to the board.</i>

6	Approve the Increase in Maximum Aggregate Remuneration of Non-Executive Directors	Mgmt	None	Against	Against	No
	<i>Voting Policy Rationale: A vote AGAINST the increase in the maximum aggregate remuneration for non-executive directors is warranted because,- There is sufficient headroom, under the current fee cap, to appoint one additional director (as proposed), leaving approximately \$300,000 headroom. This includes the full year impact of the recent fee increases of 12.8% for the Chairman to 23.1% for Directors; and- The proposed \$300,000 increase in the cap represents a 13.6 percent increase which is excessive.</i>

5	Approve the Spill Resolution	Mgmt	Against	Against	Against	No

Voting Policy Rationale: A vote AGAINST this resolution is warranted, because the company has- taken steps to improve its transparency regarding remuneration practices,- undertaken renewal of the Remuneration and Nomination Committee to be majority independent and- undertaken external review of the CEO's remuneration arrangements.Given the attractive returns to shareholders over the last 5 years, financial performance and misalignment with shareholder outcomes is not considered to be an issue. The only concern is in regard to excessive remuneration which the Board appears happy to have on offer and not upset the winning run. In this regard, the improved disclosure assists in showing that remuneration is well linked to financial performance targets which in turn are well aligned with shareholder returns.

Nevertheless, the level of the increase sought is significant, taking the surplus capacity in the total NED fee cap to about \$825,750. This may be regarded as excessive, where a large number of proposals see with other ASX-listed entities have sought increases in the range of \$200,000 and \$300,000.</i>

1	Approve the Acquisition of 50 Percent of IOM and Related Transactions	Mgmt	For	Against	Against	Yes
<i>Voting Policy Rationale: A vote AGAINST the proposal to acquire a 50 percent interest in the Platform is warranted because:- The benefits of the Proposal have not been sufficiently demonstrated to warrant shareholder support given the inherent risks and limitations of the joint ownership structure;- The independent expert opined that NTA will likely decline by 1.6 per cent or \$0.07 should the proposal be approved;- The independent expert opined that the overall increase in gearing, given the acquisition cost will be funded wholly by debt, will increase by 1.6 per cent; and,- The independent Expert has omitted the conclusion that the transaction is "in the best interests of shareholders" which is typically seen.</i>

1	Approve the Proposed Disposal of Coal & Allied Industries Limited	Mgmt	For	For	For	No
<i>Voting Policy Rationale: A vote FOR disposal of Coal & Allied is warranted given that:- The value of consideration offered is between \$2,296 million and \$2,386 million, which exceeds the Independent Expert's valuation of between \$1,820 million and \$2,173 million on a controlling basis.- The Independent Expert states that the Transaction is fair and reasonable to non-associated shareholders opining that, "[w]e expect there are few other potential acquirers who could extract the same value out of the Coal & Allied assets as Yancoal".- The Board of Directors has unanimously recommended that non-associated shareholders, in the absence of a superior proposal, vote in favour of the Transaction;- The Transaction is the result of a competitive sale process;- The disposal of Coal & Allied is consistent with Rio Tinto's overall coal divestment strategy; and,- No material corporate governance concerns have been identified in respect of the associated shareholders.</i>
