[I] Institutional Investors

**Fund Objective**

The objective of the Fund is to provide a return in excess of the performance of emerging market equities.

**Investment Strategy**

The investment policy of the Fund is to outperform the MSCI Emerging Markets Index (or any other index determined by the Directors from time to time to track substantially the same market as the Index) over the medium and long term.

The investment policy will also involve screening out securities based on an assessment of their adherence to ESG criteria (i.e. international norms in relation to environmental protection, human rights, labour standards, anticorruption and controversial weapons).

**Past performance is not a guarantee of future results.****Investing involves risk including the risk of loss of capital.**

The performance figures contained herein are provided on a gross and net of fees basis. Gross of fees do not reflect the deduction of advisory or other fees which could reduce the return. Index returns reflect capital gains and losses, income, and the reinvestment of dividends. The performance includes the reinvestment of dividends and other corporate earnings and is calculated in the currency stated in the Fund Facts.

Calendar year inception performance returns will be partial for the year where the inception date for either the Fund in question or the historic performance-linked Fund (whichever is the earliest) falls within that period. The calculation method for value added returns may show rounding differences.

When the Fund is closed according to its official Net Asset Value (NAV) calendar but, nonetheless, a significant portion of the underlying security prices can be determined, a Technical NAV is calculated. Past Performance indicated herein has therefore been calculated using a Technical NAV when required, as well as the official NAV of the Fund as at each other business day for the relevant period.

Previous to 21 September 2020, the Fund was known as State Street Emerging Markets Select Equity Fund.
