Fund Objective

The objective of the Fund is to track the performance of the fixed rate global high yield corporate bond market.

Investment Strategy

The Fund is an index tracking fund (also known as a passively managed fund).

The investment policy of the Fund is to track the performance of the ICE BofA Global High Yield Constrained Index (or any other index determined by the Directors from time to time to track substantially the same market as the Index) as closely as possible, seeking to minimise as far as possible the tracking difference between the Fund's performance and that of the Index while screening out securities based on an assessment of their adherence to the ESG criteria i.e. international norms in relation to environmental protection, human rights, labour standards, anti-corruption and controversial weapons.
