#### **Important Risk Information**

Past performance is not a reliable indicator of future performance.

The figures presented are as of the date shown for the Master Portfolio and may change at any time.

For purposes of this report, for non-interest bearing Commercial Paper and Discount Notes, the discount rate at purchase is used to populate the coupon rate column.

Securities transactions are recorded, and WAM and WAL are calculated, on a trade date basis. As a result, these holdings and calculations may include security purchases and/or sales that have been executed but have not yet settled.

For unsecured debt and Asset Backed Commercial Paper, Domicile of Issue refers to the domicile of the issuer. With respect to Asset Backed Securities, Domicile of Issuer refers to the domicile of the underlying collateral. For Repurchase transactions, Domicile of Issue refers to the domicile of the counterparty, not the domicile of the collateral.

Domicile of Risk refers to the following: for unsecured debt, it is the domicile of the parent company; for ABCP, it is the domicile of the sponsor for ABCP; and for ABS, it is the domicile of the underlying collateral. For Repurchase transactions, Domicile of Risk refers to the domicile of the Counterparty's parent entity, not the domicile of the collateral.

With respect to repurchase agreements that are collateralized fully, as that term is defined in Rule 2a-7, the Fund may look through to the collateral underlying the repurchase agreement for purposes of the issuer diversification requirements of Rule 2a-7.

State Street Global Advisors Funds Management, Inc. ("SSGA FM") serves as the investment adviser to the Fund. State Street Global Advisors Limited, an affiliate of SSGA FM, serves as investment sub-adviser to the Fund.

Bonds generally present less short-term risk and volatility than stocks, but contain interest rate risk (as interest rates raise, bond prices usually fall); issuer default risk; issuer credit risk; liquidity risk; and inflation risk. These effects are usually pronounced for longer-term securities. Any fixed income security sold or redeemed prior to maturity may be subject to a substantial gain or loss.

Investing involves risk including the risk of loss of principal.
