Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future.

This chart shows the fund's performance as the percentage loss or gain per year over the last 10 years against its benchmark.

It can help you to assess how the fund has been managed in the past and compare it to its benchmark.

A The past performance displayed relates to the S&P Emerging Markets Dividend Opportunities Index (the previous index the Fund tracked up to 7 February 2020).

Performance data has been calculated including tax, ongoing charges and portfolio transaction costs and excluding entry and exit charges, in USD.

Where no past performance is shown there was insufficient data available in that year to provide performance.
