
SPDR STOXX Europe 600 ESG Screened UCITS ETF

SFDR Article 8 – Additional Information

Description of environmental or social characteristics

The SPDR STOXX Europe 600 ESG Screened UCITS ETF is an index fund tracking the performance of the STOXX Europe 600 ESG-X index.

The index measures the performance of European companies while excluding securities based on an assessment of their exposure to controversial weapons, tobacco, thermal coal and how well they adhere to international norms and principles.

Further Information

For information on the methodologies used in the construction of the Index and further information on the exclusion criteria and data sources, please refer to the STOXX index methodology description which can be found at the following link:
