---------	---

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► Effective, November 30, 2017, the Fund underwent a 1 for 2 reverse share split.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► Upon effective date of the share split, every two shares of the Fund's outstanding shares converted automatically into one (1) issued and outstanding share of the Fund. Existing Fund shareholders must allocate the aggregate tax basis in their shares held immediately prior to the reverse share split among the shares held immediately after the reverse share split.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► The basis of each share of the Fund held by a shareholder after the reverse share split is two times greater than the basis before the reverse share split, however, the shareholders' total investment basis remains the same.
