Non-Resident Alien ("NRA") shareholders are normally subject to a 30% (or lower tax treaty rate depending on the country) NRA withholding tax on income and short-term capital gain dividends paid by a mutual fund, unless such dividends are designated as exempt from NRA withholding tax. The distributions that have been identified by the SPDR ETF Funds as exempt from NRA withholding are disclosed in the table below. The information presented in the table below is applicable to NRA shareholders and their advisors and is not applicable to Shareholders filing United States income tax returns. The information presented in the table below is subject to change and will be designated by the funds no later than 60 days after the funds’ fiscal year end. We recommend that you consult a professional tax adviser for further information.
