DEFINITIONS

Unless otherwise defined herein or unless the context otherwise requires all defined terms used in this Supplement shall bear the same meaning as in the Prospectus.

“Business Day”, a day that banks are open in Dublin, and/or such other day or days as the Manager may determine.

“Sub-Investment Manager”, means State Street Global Advisors Limited.

INTRODUCTION

The State Street Spectrum Unit Trust (the “Fund”) is authorised in Ireland by the Central Bank. The Fund is structured as an umbrella fund in that it may be divided into different classes of units (“Units”) with one or more classes representing a separate sub-fund of the Fund.

This Supplement contains information relating to the Units of the State Street Spectrum Cash Fund (the “Sub-Fund”) to be issued in accordance with the Prospectus and this Supplement. This Supplement forms part of and should be read in the context of and together with the general description of the Fund contained in the current Prospectus together with the most recent audited annual report and accounts and, if published after such report (or if the first such report has not been issued), a copy of the latest unaudited semi-annual report.

At the date of this Supplement, separate classes of Units in the Sub-Fund have not been created, but separate classes of Units may be created in the future in accordance with the requirements of the Central Bank.

INVESTMENT OBJECTIVES AND POLICIES

The investment objective of the Sub-Fund is primarily to maintain capital value and also to generate income while maintaining a high level of risk control.

This is to be achieved primarily by investing in the sub-funds of the Underlying Fund.

While investments will be made principally in sub-funds of the Underlying Fund, the Sub-Fund may also achieve its investment objective by investing on a fund of funds basis in other Regulated Funds and by investing 10% of its Net Asset Value in Unregulated Funds. The Sub-Fund may invest up to 100% of its Net Asset Value in State Street GRU Euro Cash Fund, a sub-fund of the Underlying Fund, as a Feeder Fund Investment. The Sub-Fund may also invest up to 10% of its Net Asset Value in other sub-funds of the Underlying Fund on a fund of fund basis.

The Sub-Fund may also invest up to 10% of its Net Asset Value in Unregulated Funds.

Details of the investment objectives and policies of the sub-funds of the Underlying Fund are contained in Appendix III of the Prospectus.

The base currency of the Sub-Fund is Euro.

SFDR FUND CLASSIFICATION

SFDR Fund Classification: Integrates Sustainability Risk / neither Article 8 nor Article 9.

By virtue of the Sub-Fund allocating investment to the Underlying Fund and as further described in the “ESG Integration” subsection of the “ESG Investing” section of the Prospectus, the Investment Manager and / or the Sub-Investment Manager is integrating Sustainability Risk into its investment process.

Integrating Sustainability Risk into the Sub-Fund’s investment process does not assure the mitigation of any or all Sustainability Risk. Any deterioration in the financial profile of an underlying investment affected by a Sustainability Risk may have a corresponding negative impact on the Net Asset Value and/or performance of the investing Sub-Fund.

INVESTMENT AND BORROWING RESTRICTIONS

The investment and borrowing restrictions set out in the Prospectus apply in their entirety to the Sub-Fund.

SECURITIES LENDING, REPURCHASE AGREEMENTS, REVERSE REPURCHASE AGREEMENTS & TOTAL RETURN SWAPS

The Sub-Fund does not currently participate in a securities lending programme, though it is entitled to do so. The Sub-Fund also does not intend to engage in total return swaps, repurchase agreements and reverse repurchase agreements. **Should the Directors elect to change this policy in the future, due notification will be given to Unitholders and this Supplement will be updated accordingly.**

MANAGEMENT AND ADMINISTRATION

Detailed descriptions of the Manager and the other service providers to the Sub-Fund are set out in the Prospectus.

VALUATION OF ASSETS

The Net Asset Value of the Sub-Fund will be calculated by the Administrator as at each Valuation Point in accordance with the requirements of the Trust Deed and full details are set forth under the headings “Valuation, Subscription and Redemptions” and “Statutory and General Information” in the Prospectus. The Net Asset Value of the Sub-Fund will be expressed in its base currency, which is Euro.

SUBSCRIPTIONS

Application Procedure

Application Forms

In order to subscribe for Units of the Sub-Fund, all applicants must complete the application form prescribed by the Manager (the “Application Form”) which sets out the methods by which and to whom the subscription monies should be sent. Application Forms shall be irrevocable (unless otherwise agreed with the Manager) and may be sent electronically at the risk of the applicant. The Application Form should be received by the Administrator, by 1.00 p.m. (Irish time) on the Business Day immediately preceding the relevant Dealing Day or such other day as the Directors may determine (provided the application is received before the relevant Valuation Point). If an applicant’s first Application Form is initially submitted electronically or other copy form, the originally executed Application Form should be received by the Administrator within five Business Days after the time for receipt of such application.

Failure to provide the original Application Form by such time may, at the discretion of the Manager, result in the rejection of the application and any monies received will, subject to any applicable laws, be returned to the applicant (minus any handling charge incurred in any such return) by electronic transfer (but without interest, costs or compensation) or in the compulsory redemption of the Units. In any event, no redemption proceeds will be paid until the original Application Form has been received and all anti-money laundering checks completed.

In addition to the Application Form, applicants may be requested to provide other information (e.g. as to identity and corporate authorisation). Failure to provide such information may delay the processing of the application.

Fractions

Fractions of Units will be issued where any part of the subscription monies for Units represents less than the Net Asset Value per Unit, provided however, that fractions shall not be less than .01 of a Unit.

Subscription monies, representing less than .01 of a Unit will not be returned to the applicant but will be retained by the Sub-Fund in order to defray administration costs.

Pricing

All subscriptions will be dealt on a "forward" pricing basis, i.e. by reference to the Net Asset Value per Unit calculated as at the Valuation Point for the relevant Dealing Day. Any Application Forms received after the relevant time for receipt will normally be held over until the next Dealing Day but may be accepted for dealing on the Dealing Day, if received prior to the Valuation Point for that Dealing Day (at the discretion of the Manager).

Payment of Subscription Monies

Method and Currency of Payment

Subscription payments net of all bank charges must be made in Euro (unless otherwise agreed with the Manager) and should be paid by electronic transfer to the bank account specified in the Application Form. Other methods of payment are subject to the prior approval of the Manager with the agreement of the Administrator. No interest will be paid in respect of payments received in circumstances where the application is held over to the next Dealing Day. The Fund may accept payment in currencies other than the base currency in which the units are denominated and in such event, the Manager will arrange for conversion of the subscription monies into such other currency. This may delay the processing of any such application. The cost and risk of converting currency will be borne by the applicant.

Timing of Payment

Payment in respect of subscriptions must be received in cleared funds on the second Business Day following the relevant Dealing Day or on such other day as the Directors may determine.

Payment

If payment in cleared funds in respect of a subscription has not been received by the time specified above, any allotment of Units made in respect of such application may be cancelled. In the event of the non-clearance of subscription monies, any allotment in respect of an application may be cancelled. In either event and notwithstanding cancellation of the application, the Manager may charge the applicant for any expense incurred by it or the Fund or for any loss to the Sub-Fund arising out of such non-receipt or non-clearance plus an administration fee may be payable to the Fund. In addition, the Manager will have the right to sell all or part of the applicant's holding of Units in the relevant class or any other Sub-Fund in order to meet those charges.

Minimum Holdings

Any Unitholder who redeems or otherwise disposes of part of his holding must maintain a holding in the Sub-Fund of not less than €5,000 or its foreign currency equivalent (or less at the discretion of the Manager). The Manager may compulsorily redeem the remaining holding of any investor who redeems his holding of Units in the Sub-Fund to below €5,000.

REDEMPTIONS

Units may be redeemed only by written application through the Administrator.

All redemption requests are dealt with on a “forward” pricing basis, i.e. by reference to the Net Asset Value per Unit calculated as at the Valuation Point for the relevant Dealing Day.

If the redemption request is received after the relevant time for receipt thereof it shall be treated as a request for redemption on the Dealing Day following such receipt but redemption requests may be accepted for redemption, if received prior to the Valuation Point on the relevant Dealing Day (at the discretion of the Manager). Units will be redeemed at the Net Asset Value for the relevant Dealing Day.

A redemption request shall (save as determined by the Manager) be irrevocable and may be sent electronically at the risk of the relevant Unitholder.
