Record Date is the date on which a Fund reviews its books to determine its "shareholders of record." Investors listed as shareholders of record on this date will receive the Fund's dividend payment.

Ex-dividend date is the day on which all shares bought and sold no longer come attached with the right to receive the most recently declared dividend.

Payable date is the date on which a Fund pays a dividend to its shareholders of record.

There is no guarantee that the stocks in the portfolio will continue to declare dividends and if they do, that they will remain at current levels or increase over time.
